

March 11, 2014 Intro to Rain Gardens & Landscaping with Native Species

Our Presenters:

- ◆ **Heather Noel**, Riparian Restoration and Outreach Assistant for Tri-State Steelheaders, has a master's degree in biology and has a life-long love of native plants and ecology. She is currently the Creating Urban Riparian Buffers (CURB) coordinator.
- ◆ **Judith Johnson**, Program Coordinator for Kooskooskie Commons, a partner organization in the CURB program, has been conducting riparian restoration using native plants for over a decade on the urban streams in Walla Walla. Judith also serves as the environmental representative on the Walla Walla Watershed Partnership Management Board.

Our Mission:

To conserve resources for the future by encouraging and facilitating sustainable living practices in our community.
