

Donations Acceptance Policy REV 7.13.20

Due to their unsaleable nature, we are unable to accept donations of the following items:

- Pressboard furniture
- Unframed glass
- Paint in rusty or damaged containers
- Unmarked chemicals, chemicals for commercial use
- Fluorescent bulbs and fixtures-unless approved
- Partial or broken toilets and fixtures
- Electronics, clothing, housewares, etc.
- Any items not listed at our discretion

It is our intention to help you recycle and dispose of items in a safe and responsible manner, but our business is in jeopardy if we must dispose of items in the landfill or hazardous waste. While some of these services are provided at no cost to homeowners, Builders ReSupply has to pay every time.

Appliances, as of 7/13/20, will only be accepted if they are clean, intact, reasonably modern and not missing parts or pieces. We may also decline any appliances that do not sell or that we already have on hand. Ask us about alternate recycling options for appliances if we are unable to accept yours.

We may decline any donation for any reason and will not accept unsanitary items or items that may be a hazard to the health and safety of our staff and volunteers or other customers.

So that we may authorize donations, please plan on bringing items only during open hours!

We appreciate your support and understanding!
